Dear Sir:

The EP 0 280 076 reference, which is cited in an Information Disclosure Statement by Applicant filed contemporaneously with this Statement, is being supplied in a language other than in English. The relevancy of the foreign language reference is identified in the International Search Report issued by the European Patent Office in a corresponding Patent Cooperation Treaty Application (a copy of which are hereto) which identifies the reference as an "X" reference with respect to claims 18, 21 meaning it is a "document of particular relevance, the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone".

Respectfully submitted,
